NILIANYS KAROLINA BAREÑO ARRIETA

Virtual Assistant specialized in Excel, data and automation

Venezuela (remote) | +57 322 2228265 | nilianysk.bareno@gmail.com | linkedin.com/in/nilianys-karolina

PROFILE

Reliable, detail-oriented virtual assistant with hands-on experience in daily transaction reconciliation and payment processing in Excel. A systems and programming background enables fast learning of new tools and support for task automation. Available for remote work, with stable backup power and internet.

EXPERIENCE

Payment Reconciliation and Processing Assistant — **Mar 2026 – Present**

Freelance, remote | Online entertainment platform

- Daily reconciliation of hundreds of transactions in Excel, from daily exports of roughly 170–275 records.
- Payment processing and verification, detecting and following up on discrepancies.
- Customer support for payment issues.
- Meeting daily deadlines.

Game Developer — **Jul 2021 – Aug 2023**

BigMilky Studios

- Programmed an indie visual-novel game in Unity and C#: interactive scenes, dialogues, decision mechanics and user interface.
- Teamwork with the art and music teams to integrate their assets into the game.
- Testing, debugging and optimization with Unity tools, solving technical problems.

Frontend Developer — **Jan 2020 – May 2020**

Imagine Apps Ltda.

- Built mobile app interfaces (package tracking and sales catalog) with JavaScript, Angular, Ionic and HTML/CSS.
- Collaborated with UX designers; version control with Git; testing and debugging.

Logistics and Customer Service Assistant — **Jan 2016 – Jan 2017**

Carpintería El Antaño

- Supported logistics tasks and customer service.
